To follow and embody Him for the rest of their lives. This is Spiritual Formation, which is a process of developing a deeper, more authentic relationship with God, themselves, and others however that might look like for them. Assisting them in learning, exploring, and investigating The Bible and other information using different resources in making it interesting, relatable, relevant, and meaningful to them empowering children to explore their faith in and through Jesus. Giving children a chance to find their own voice, their own way, at their own pace. Raising awareness in the next generation of their spiritual journey and giving them all tools that they need and usage of tools for stretching and strengthening their relationship with our Lord and Savior, themselves, and others is God's will that I plan to accomplish.
